SUMMARY

Data Analyst with a B.S. in Information Science and experience in forecasting, data validation, and reporting automation. Skilled in Power BI, Salesforce, Microsoft Dynamics, SQL, and Python, with a track record of building reports that people can rely on. Focused on data accuracy and self-serve analytics for global teams.

WORK EXPERIENCE

TeamViewer - Customer Operations Analyst

Clearwater, FL - Jan. 2026 – Present

- Built and maintained the enterprise forecast, increasing accuracy from 70% to 99.5% across AMS, EMEA, and APAC by automating the data pull and writing validation rules that auto-flag accounts with missing or anomalous data. Reduced quarterly variance to under 1% on forecasts presented to leadership.
- Served as Planhat Administrator and consolidated manual workflows into a single dashboard surfacing account health, usage trends, and renewal risk in one view. Cut time-to-insight by 89% for a 30+ person global CSM team and saved an estimated 1,400 hours annually.
- Designed Power BI and Salesforce dashboards that replaced manual bulk data pulls with self-serve views of GRR, NRR, and pipeline KPIs for Sales, Retention, and CSM teams, cutting KPI reporting time by 72%. As Salesforce Administrator, wrote SOQL queries to extract and validate reporting data and built Flows automating record assignment and field updates.
- Leveraged AI tools (Claude Code, ChatGPT, and Microsoft Copilot) to automate recurring data pulls and accelerate report delivery, including a Chrome extension for customer credit calculations used by global sales teams and a Python tool automating opportunity assignment for global retention teams.

TeamViewer - Sales Operations Intern

Clearwater, FL - Jan. 2025 – Jan. 2026

- Automated 12+ Customer Success workflows using Microsoft Power Automate, cutting manual assignment time 83% (~300 hours annually) for the retention team.
- Analyzed sales, customer usage, and support ticket data using Microsoft Dynamics, Excel, and Tableau to generate custom dashboards, pipeline reports, and revenue trend insights.

Landmark Properties – Community Ambassador

Tampa, FL - Oct. 2022 – Jan. 2025

- Recognized as a top-performing leasing agent, managing the end-to-end leasing cycle using the Entrata property management system and securing 500+ new tenant leases, directly contributing to 100% occupancy rates at The Standard Tampa.
- Developed and launched a custom browser extension for The Standard Tampa to optimize resident communication, which was adopted as a standard tool by the entire leasing team.

EDUCATION

University of South Florida - December 2025 - Tampa, FL

B.S. in Information Science, Concentration: Information Security

- Delta Tau Delta Fraternity Alumnus – Held leadership roles including New Member Educator, Recruitment Chair, and Social Chair
